Frequently Asked Questions

My student turns 15 ½ in December and doesn't want to wait until summer. What are my options?

Students who do not want to wait until summer for Neenah High School's Drivers Education Program have the option of registering with any of the private driving schools in the area.

My student heard there is a class offered at NHS during the school year, how do I register?

NHS only offers Driver's Ed classes in Summer. Tri-County Driving School periodically offers classes in our building. For more information, call Tri County Driving School at the number below.

My family will be gone on vacation for one week during the Classroom session, can I still take the class?

Regular attendance is required. Consider contacting a private school for classes that meet your schedule.

What You Need To Know

Neenah High School offers the Classroom portion of the Driver's Education program during our SUMMER school offerings. The Classroom portion meets for 30 hours (15 days), Monday through Friday. 30 hours of classroom attendance is required.

Requirements:

NHS Driver's Education Classroom portion is open to students who have successfully completed 9th Grade and are residents of the Neenah Joint School District.

NOTE: Neenah High School will no longer offer the Behind the Wheel portion of the Driver's Education program. The Behind the Wheel portion will need to be completed with a private driving company. See listings on back page.

Online registration is available the end of January on the NJSD website. Program and registration information is emailed home, and daily announcements are made. Please watch for it.

Frequently Asked Questions

How does my student get his/her temps?

The State of Wisconsin requires enrollment in a certified Driver's Education Behind-the-Wheel (BTW) program before applying for temps. The following is required to obtain a temporary driving permit (temps): **completion of classroom portion of program, be 15-1/2 years of age, the DMV form MV3001, (given by and signed by the BTW provider), a certified birth certificate**, **a social security card, and a parent signature**. (Baptismal certificates, or photocopies of birth certificates ARE NOT acceptable.) The first BTW lesson must be conducted within 60 days of the issuance of permit.

My child ONLY took the Classroom portion at NHS last summer and I am signing up with a private driving school for Behind-the-Wheel. How do I obtain proof that my student successfully completed the class?

All records are online with the DMV, so AFTER you register with a private driving school company, they will contact NHS for verification. This will be performed online by NHS. Once the verification is completed, a certificate of classroom completion is emailed immediately to the BTW provider.

When my student finishes the NHS Classroom portion, do they take the test to get their temps?

No. The test to obtain their temporary license is given when students are 15-1/2 years of age **AND are registered in a private driving school's Behind-the-Wheel program.**

If my student completes the Classroom portion and will not immediately take Behind-the-Wheel, must they retake the classroom portion?

No. Students do not need to retake the Classroom portion of Driver's Education, but must take their first BTW session within 13 months of the date of the classroom completion. Students should keep and review the Wisconsin Motorist handbook prior to registering for Behind-the-Wheel.

Can I provide Behind-the-Wheel for my student? No. The State of Wisconsin requires that students receive the 30 hours of Classroom instruction and 12 hours of Behind-the-Wheel driving instruction by a certified driving instructor.
