Welcome to Your 2024 Benefits

Neenah Joint School District offers a comprehensive suite of benefits to promote health and financial wellness for you and your family. This booklet provides a summary of your benefits. Please review it carefully so you can choose the coverage that's right for you.

Benefit Basics

As a Neenah Joint School District employee, you are eligible for benefits if you meet the eligibility requirements as defined in the Employee Policy Manual. Your benefits are effective on the first day of employment.

You may enroll your eligible dependents for coverage once you are eligible. Your eligible dependents include:

- Your legal spouse
- Your children up to age 26.

Once your benefit elections become effective, they remain in effect until the end of the year. You may only change coverage within 30 days of a qualified life event.

Benefit Basics

Qualified Life Events

Generally, you may change your benefit elections only during the annual enrollment period. However, you may change your benefit elections during the year if you experience a qualified life event, including:

- Marriage
- Divorce or legal separation
- Birth of your child
- Death of your spouse, or dependent child
- Adoption of or placement for adoption of your child
- Change in employment status of employee, spouse or dependent child
- Qualification by the Plan Administrator of a child support order for medical coverage
- Entitlement to Medicare or Medicaid

You must notify Human Resources within 30 days of the qualified life event. Depending on the type of event, you may be asked to provide proof of the event. If you do not contact Human Resources within 30 days of the qualified event, you will have to wait until the next annual enrollment period to make changes. For more information about your benefits, contact the Benefits Specialist.

UnitedHealthcare Designated Diagnostic Provider

Designated Diagnostic Providers (DDP)

These are laboratory and imaging service providers that meet certain quality and efficiency requirements. With your DDP benefit, you'll have the highest level of coverage — and also save money — when you use a DDP for outpatient lab and imaging services. If you don't use a DDP, your services may receive a lower level of coverage and you may be responsible for a higher out-of-pocket cost.

Using a DDP may help you save money on many services including:

Lab Services

- Blood Draws
- Blood Glucose Tests
- Metabolic tests/panels
- Rapid strep tests

Imaging Services

- CT and PET scans
- MRI/MRAs
- Nuclear medicine scans

Using a Designated Network can save you money. A sample is shown below:

	Designated Network	Network	Out-of-Network
Lab, X-Ray and Diagnostic- Outpatient Lab Testing ¹	20%*	50%*	40%*
Major Diagnostic and Imaging- Outpatient ¹	20%*	You pay a \$500 per occurrence deductible per service prior to and in addition to paying any annual deductible and any coinsurance amount. 50%*	You pay a \$500 per occurrence deductible per service prior to and in addition to paying any annual deductible and any coinsurance amount. 40%*

*After the Annual Medical Deductible has been met.

¹Prior Authorization Required. Refer to COC/SBN.

For additional details on DDP requirements, please review the full benefit summaries posted to the District's website

To Find a Designated Diagnostic Provider (DDP)

Go to myuhc.com > Find Care & Costs > Medical Directory > Places

Choose whether you'd like lab or imaging services and then look for the green check to confirm DDP status. For DDP imaging services, just make your appointment. For DDP lab work, just be sure to tell your doctor which DDP to use.

Health Savings Account Information

Employees enrolled in the District medical plan will have a Health Savings Account (HSA) set up through Associated Bank. The District contributes \$1,000 for Single plan and \$2,000 for Family plan enrollment (prorated based on schedule hours per week, and number of months of coverage). A partial amount of the total contribution will be distributed in equal payments on a per paycheck basis.

Employees with an HSA will receive a debit card in the mail at the time of enrollment or upon the debit card expiration date. You have the option of using your debit card to pay claims online or request a reimbursement through Associated Bank HSA website.

Employees may also contribute to their Health Savings Account. The employee contributions may begin and/or be changed at any time throughout the year by completing the HSA Payroll Deduction Authorization form. These contributions are pretax and your account balance rolls over from year to year.

You may access your HSA account information by clicking on the following link:

<https://client.hsaplus.associatedbank.com/login.aspx>

GENERAL FACTS ABOUT HEALTH SAVINGS ACCOUNTS.

Who is eligible to establish an HSA?

- Is covered by an HSA compatible HDHP
- Is not enrolled in and receiving Medicare benefits
- Is not claimed as a dependent on another person's tax return
- Is not covered by any other type of health insurance plan (including coverage under a spouse's plan) - this does not apply to dental, vision, disability or long term care

What is the 2024 plan year maximum annual contribution?

- Single - \$4,150
- Family - 8,300

What is the catch-up contribution of you are 55 years or older?

- \$1,000 at age 55

How are contributions made?

- Via pretax payroll deduction.

Is there a penalty for early withdrawal?

- Yes, if under 65 years old, there is a 20% penalty for withdrawals if the dollars are not used for qualified medical expenses.

Where can I get a list of qualified medical expenses?

- www.irs.gov/pub/irs-pdf/p502.pdf

What are the tax advantages?

- Contributions are tax deductible. Distributions are tax free as long as the dollars are used for qualified medical expenses; interest grows tax deferred. You must file a Schedule I (Form 8889) each year with your Federal Tax Return.

How is the account titled?

- Just like an Individual Retirement Account (IRA) - no joint accounts, individual ownership only. A spouse can be an agent on the account and receive his/her own check card.

Flexible Spending Accounts (FSA)

Flexible Spending Accounts (FSA) are designed to save you money on your taxes. They work in a similar way to a savings account. Each pay period, funds are deducted from your pay on a pretax basis and credited to a special Health Care and/or Dependent Care FSA. You then use your funds to pay for eligible health care or dependent care expenses, and it reduces your taxable income.

Account Type	Eligible Expenses Click here for detailed list	Annual Contribution Limits
Health Care FSA - For those employees who elect not to participate in the District's or any other HSA model health plan. If you enroll in the District's health plan you cannot enroll in the Health Care FSA	Most medical, dental and vision care expenses that are not covered by your health plan (such as copayments, coinsurance, deductibles, eyeglasses and doctor-prescribed over the counter medications)	\$3,200
Limited Purpose FSA – For those employees enrolled in the Districts health plan or enrolled in any other HSA model health plan.	Most dental and vision care expenses that are not covered by your health plan (such as copayments, coinsurance, deductibles, eyeglasses and doctor-prescribed over the counter medications)	\$3,200
Dependent Care FSA	Dependent care expenses (such as day care, after school programs or elder care programs) so you and your spouse can work or attend school full-time	\$5,000 (\$2,500 if married and filing separate tax returns)

Important Information About FSAs

Your FSA elections will be in effect from January 1 through December 31. Funds put into this account do not rollover into the following plan year. If you start employment in August, for example, your FSA election would only be valid until December of that year.

You have until March 31 of the following year to submit expenses that occurred in the current plan year and prior to termination. If you resign, retire or cease employment you still have until March 31 of the following year to submit claims, provided that you incurred the claim prior to your date of termination. Please plan your contributions carefully. Any money remaining in your account will be forfeited. This is known as the “use it or lose it” rule and is governed by IRS regulations.

What Are the Advantages of an FSA?

With an FSA, the money you contribute is never taxed—not when you put it in the account, not when you are reimbursed with the funds from the account, and not when you file your income tax return at the end of the year.
