Joint Meeting

Principal's Report - Mrs. Chrisman

- We are in the process of planning a **Spring Spruce Up Day** for the schools. Mrs. Rossing put in for a grant from the Education Foundation. She is asking for raised beds for the school yard. At this time, we're thinking of doing it on a Sunday, May 17, later in the afternoon. We would provide a light dinner and people would bring their own gardening tools, gloves, and plants. Wood chips will get delivered for around plants and trees. We're hoping to get some men volunteers to help build the raised beds. We'll need people to rake leaves as well. We're hoping the benches will be here at that time, too.

Agenda

- Skate Night/A&W Night - April 20, 5:30-7:30 PM. The May 19th Skate Night is the last one of the year, and we'll be doing a special thing for fifth grade students. Each child will get a balloon and they'll play a graduation song. Fifth grade students will need to RSVP so we have enough balloons for the night.
- Wear your READ 20 shirts on April 21 this month!
- Summer Library Prizes - Mrs. McMahon
 - Summer Academy classes are limited this year, so Mrs. McMahon is asking for \$37.50 from each school to purchase summer library prizes.
 - She reminds everyone that you do not have to be a student to attend a summer library program at the elementary schools. If you live closer to a different school, you are welcome there as well. You do not have to be in Summer Academy to participate, either.
- Talent Show - Lori Murphy -
 - May 29, 10-11:30
 - Rehearsal dates TBD
