Picture Day

- October 11.

Pick Up After School

- Our parking lots will be restructured to make pick up safer for families. See attached for map of new structure. There was a suggestion that signs be added stating we are "a cell-free zone."

Class Of . . . Signs

- Discussion about having signs made for each classroom with the classroom teacher's name and the graduating class year on the sign.

Making Sure We Get Our Story Told

- Several schools have official school facebook pages. Discussion about whether the two schools should have a combined Facebook page, or continue with separate pages. It was decided to keep separate pages so parents/families have less to sift through to get news that pertains to their child. Roosevelt continues to keep their page private. If you want to join, just send a request at the following page: <https://www.facebook.com/groups/117028455308704/>.
