

Superintendent's Message

It's hard to believe that the end of this school year is here! It's been another great year for the Neenah Joint School District. As a District, we have a great deal to celebrate. Highlights of our progress and advancements made are identified in our four District focus areas: Communications, Curriculum-Instruction-Assessment, Supervision and Evaluation, and Resources.

Communications – Two accomplishments in this area include the development of a **District Communications Plan** as well as the hiring of **Mr. Jim Strick** as our Communications Manager.

Curriculum-Instruction-Assessment – We have made significant strides in this area as we continue to assess and monitor student academic achievements.

1. This year was the first year that the Department of Public Instruction provided a score for individual schools. **Three of our schools received "Significantly Exceeds Expectations," six schools** were identified as **"Exceeds Expectations,"** and **three schools** were recognized as **"Meets Expectations."** This is a great accomplishment for our District and something we can hang our hat on!

2. Aligned with high student achievement, **Hoover Elementary School** was awarded the **Wisconsin School of Excellence Award**. Additionally, **Roosevelt & Alliance Charter** were both named with **Wisconsin Title I High-Achieving and High-Progress School Awards!**

3. We continue to produce some of the **highest academic scores in the area** for students taking and passing the **Advanced Placement (AP) exams**. For the second year in a row, we received the **AP District of the Year Award**. Furthermore, our **ACT scores remain the highest** among districts in the Fox Valley area.

Supervision and Evaluation – We have now engaged the **Effectiveness Project** for all certified staff members. This was a change in our previous approach for professional staff evaluations. Our goal is to develop **solid, objective measures assuring effective professionals** in all schools and classrooms. Although on the surface this may seem simple, there are many factors to consider in any evaluation process. We want the highest quality professionals to be with our students...and our goal is to **compensate them accordingly**.

Resources – **LONG-TERM DEBT HAS (almost) DISAPPEARED!** We have one more payment of \$250,000 and four payments of \$50,000 (interest free) until **all long-term debt is gone**. We have been faced with several challenges this year as we review and monitor our spending in all budget areas. Along with our continued commitment to academic learning and placing resources in spots that benefit our students the most, we are, unfortunately, dealing with legal issues regarding old contracts.

Our families and taxpayers can rest assured that we are carefully monitoring this process, along with our resources, with vigilance and a high priority to maintaining our District reputation for academic excellence. Your **Board of Education**, along with the **administrative team**, has made a commitment to **fiscal responsibility** and **high academic achievement**.

Congratulations Class of 2013!

The Neenah Joint School District is a beacon in our community that continues to shine brightly in the Fox Valley and throughout our state. **Our schools are places that some districts merely dream about.** **"Neenah with Pride"** continues to be reflected through our dedicated staff and supportive community. Neenah Joint School District is a special place to be! Have a great summer!
 - Dr. Mary Pfeiffer

2012-13 Employees of the Year

It is with great pride that we announce this year's award winners who **make all the difference for students, staff, families, and community!**

Pictured from the left are **Christopher Jones, Michael Tauscher, Scott Hertting, Janice Koshalek, Kelly Keating, Cary Bonikowske, Elizabeth Knuth,** and **Jared Schmidt**.

Cary Bonikowske - Elementary Teacher of the Year
Christopher Jones - Middle School Teacher of the Year
Scott Hertting - High School Teacher of the Year
Janice Koshalek - Special Services Teacher of the Year
Michael Tauscher - Administrator of the Year
Kelly Keating - Administrative Assistant/Clerical/Exempt/Technician of the Year
Elizabeth Knuth - Educational Assistant of the Year
Jared Schmidt - Maintenance/Operations Employee of the Year

Neenah Proceeds with 2013-14 Budget - A Framework is Developed Despite Uncertainty Over State Funding

AREAS OF FOCUS
Increase staff members
Control & fund staff benefits
Enhance K-12 programming
Maintain District facilities

Although the ink has barely dried on the 2012-13 budget document, planning is well under way for the 2013-14 Neenah Joint School District budget.

As is often the case, District leaders are waiting for events in Madison and Washington, D.C. to unfold before finalizing large portions of the 2013-14 budget. Uncertainty over state funding (revenue limit, equalization aid) and what effect, if any, the federal sequestration may have on public school finances are two reasons why the District cannot execute a comprehensive budget plan at this point. As these events resolve themselves over the coming months and offer more clarity, the District will eventually be able to determine appropriate spending levels and identify what impact that will have on local taxpayers.

In any event, a budget “framework” for 2013-14 has been developed and conceptually approved by the Board of Education. This framework calls for the addition of several new staff members, the continuing commitment to control and fund staff benefits, enhanced programs and opportunities for students (K-12), and a desire to maintain District facilities.

A Steadfast Commitment to Excellence in Education

Pictured in front from the left are: **Margaret Loessel, Sarah Klein, Jamie Graves, Sheila Brucks, and Deborah Dreher.** Pictured in the back from the left are: **Tim Wichman, Diana Fischer, Andra Mory, Mark Schott, Tami Malcore, Karen Martis, and Steve Mentzel.** Inductees who were not able to attend included: **Jon Fleming, Bill Koehnke, and Kristine Martin.**

25 Years - Fifteen additional dedicated Neenah Joint School District employees were welcomed into the Quarter Century Club in this year’s annual event sponsored by the Board of Education. This year marked a special occasion as the club celebrated it’s 50th annual dinner with over 90 attending at the Holiday Inn Riverwalk in Neenah.

We thank you all for your passionate commitment to our District’s students, staff, families, and community!

The Board of Education recently approved staffing levels for the 2013-14 school year:

One administrator at the secondary level (7-12)	+7.6 additional FTE teachers (K-12)	+1.0 FTE communications manager (new position)	-5.0 FTE support staff
---	-------------------------------------	--	------------------------

The additional teaching positions will lower class sizes in the elementary grades, provide program support (math) at the secondary levels, and provide more direct support to special education programs.

For the second year in a row, a significant financial commitment is being made to maintain and enhance the District buildings and grounds. Among the larger projects expected to be completed this summer are partial roof replacement at Neenah High School, boiler replacement at Horace Mann Middle School, and parking lot reconstruction at Coolidge Elementary School.

The District’s Technology Plan will continue as planned in 2013-14. Devices will be purchased for students in 4th and 8th grades with additional devices and technology purchased for Neenah High School students.

The District unveiled the first draft of the 2013-14 budget at a recent Board meeting. Although not all the pieces are in place at this time, it is expected that more clarity and direction to the District’s budget will be received soon. Other events will occur throughout the summer months into early fall that will ultimately shape the final budget and tax levy/rate.

2013 National Merit Scholarship - Five Students from NHS

Neenah High School has the privilege of announcing that five students are finalists in the 2013 National Merit Scholarship Program. These academically talented high school seniors had an opportunity to continue in the competition for approximately 8,200 National Merit Scholarships, worth more than \$36 million, that were offered in March 2013.

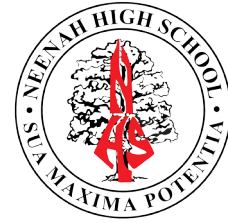

To be considered for a Merit Scholarship® award, semifinalists must fulfill several requirements to advance to the finalist level of the competition. An estimated 90 percent of the semifinalists were expected to attain finalist standing, and approximately half of the finalists won a National Merit Scholarship, earning the Merit Scholar® title.

National Merit Scholarship Corporation (NMSC), a not-for-profit organization that operates without government assistance, was established in 1955 specifically to conduct the annual National Merit Scholarship Program. Scholarships are underwritten by NMSC with its own funds and by approximately 500 business organizations and higher education institutions that share NMSC's goals of honoring the nation's scholastic champions and encouraging the pursuit of academic excellence.

The students at Neenah High School that have achieved this honor are: **Kirk Lancaster, Emily Peterson, Haley Rafferty, Ethan Weinaug, and Theodore Wiswall**. The staff of the Neenah Joint School District wishes to extend its congratulations to these students for this remarkable achievement.

Spanish Language for Sixth Graders at Horace Mann And Other World Language Opportunities Across the District

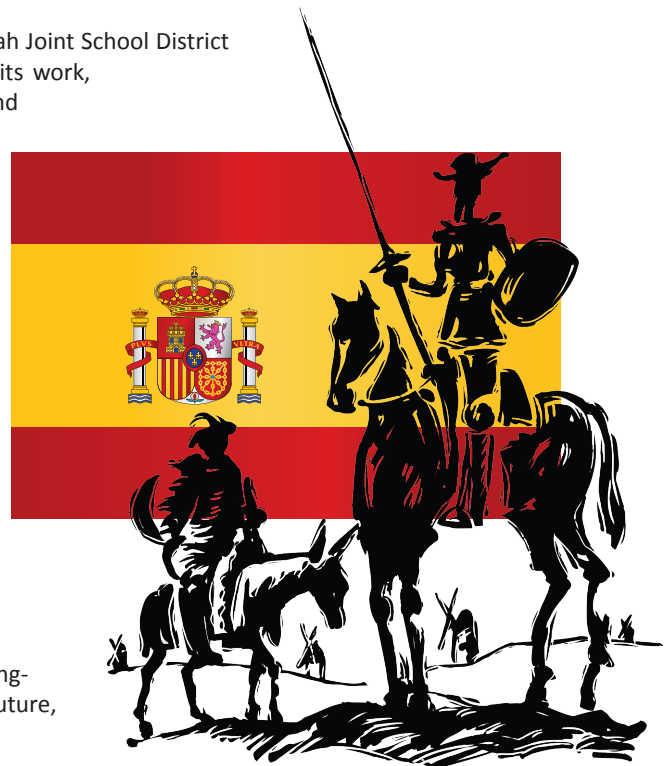

¿Hablan español? The World Language Task Force, consisting of Neenah Joint School District teachers and administrators, reconvened in the fall of 2012, continuing its work, which included a recommendation to the Board of Education to expand the study of world languages into earlier grades. After hearing their recommendation in February, the Board approved the expansion of the study of Spanish into grade six.

With this recommendation, a Spanish course will be available to all sixth graders for a semester, every other day, beginning in September 2013. Instruction will focus on the five C's: communication, culture, connections, comparisons and communities.

World Languages at Shattuck - Following grade six, students will have a choice to continue studying a world language in grade seven and beyond. Both Spanish I and French I are elective choices available to students beginning in grade seven.

World Language for Elementary Students? Expansion of world language into the elementary level is being considered as part of the Elementary Restructuring Plan.

The World Language Task Force will continue to monitor trends in world languages and consider enhancements to our world language program in the future, which could include consideration of other languages.

Neenah High School Arts Update

Visual Arts, Music, and Drama Highlights

Neenah High School is a proud supporter of a diverse spectra of arts avenues for many talented students. We are pleased to highlight several key student arts achievements and performances spanning Visual Arts, Music, and Drama.

VISUAL ARTS

NHS Art students attending Bergstrom Mahler Museum Glass Workshops

New Arts Technology for NHS - Brenda Mullard obtained funding from the **Educational Foundation of Neenah, Neenah Tomorrow Fund**, and **NHS** to purchase a glass kiln for the High School Art Department. The kiln was purchased and installed in December. Students have been working in class and continue to work with the Bergstrom Mahler Museum to learn more about glass work.

Chicago Art Field Trip

MUSIC

NHS Advanced Chamber Choir at the **2013 State School Board Convention**

State-Wide Recognition - The NHS Advanced Chamber Choir, one of four curricular choirs offered at the high school, was selected to sing at the 2013 State School Board Convention held in Milwaukee on January 25, 2013.

Vintage Show Choir Celebrates 40!

As Neenah Celebrates its 40th Vintage anniversary, Vintage 2013 enjoyed another successful season and earned spots in finals at three out of five competitions they participated in.

DRAMA

Photo below: **Winter Drama "12 Angry Jurors"**

Photo above: "Hello, Dolly!" Musical - Each spring, a dedicated group of NHS students audition for the fall musical. After the cast list is posted, we start planning for the fall. Summer memorization and set design make the summer fly. Rehearsals in August help to get a jump on the choreography, vocals, and pit orchestra. The crew continues until opening night.

One Act Competition Play "Antigone"

Wins **"Outstanding Ensemble"** and **"Outstanding Crew"** awards, at the **State Theatre Competition**.

Neenah High School Arts Update (continued)

VISUAL ARTS

Chicago Art Field Trip

Art teachers **Lisa Dorschner** and **Brenda Mullard**, along with parent chaperones, took 50 Art students from Neenah High School to Chicago for a day-long field trip to **Millennium Park** where they viewed the sculpture **Cloud Gate**, also known as "The Bean". They also spent time at the **Chicago Art Institute** to see various master art works.

Fox Valley High School Glass Show at Bergstrom Mahler Museum

Students who had the opportunity to attend the glass workshops were also participants in the Fox Valley High School Glass Show. Neenah High School had multiple award winners. Award winners pictured top to bottom in order below include:

Best of Show

(1) **Brinnae Bent**, *Impression*

The James and Laurie Larson Composition and Technical Achievement Awards

(2) **Morgan Martzahl**, *Neon Symmetry*

(3) **Jessica Kilgas**, *Color Fragment*

Honorable mention - **Alex Perkins**, *Catherine*

MUSIC

NJSD District String Festival featuring students across the District in grades 2 - 12

Every other year, NJSD Orchestra students present a District-wide concert held in the Shattuck O.J. Gym. Over 400 NJSD students played together in the final piece of the concert. It was a very inspiring concert for the students and community.

Photo below: Players from the Vanguard Marching Band

Photo above: Cotton Club 2013

The Vanguard Marching Band had a very active fall with scheduled performances at home football games, the Homecoming Parade, and the Homecoming Pep Rally. For sure, the Friday-night lights would be less brilliant without the flash, cadence, and wall of sound they present at every opportunity.

DRAMA

"Antigone"

The cast won an "Outstanding Ensemble" and an "Outstanding Crew" award at the State Theatre Competition, and second in the state for Technical Olympics.

Thank you to all who have supported the drama program by attending a performance. If you haven't been to Pickard Auditorium lately, come on out this fall and enjoy the hard work of very talented individuals. Sit back and let them tell you a story.

MUSIC (continued)

The Vanguard Marching Band (cont.)

Unfortunately Hurricane Sandy forced the cancellation of a planned trip to NYC for Veteran's Day observance, but the trip was re-scheduled for April.

The marching season culminated with a lively "Band-a-palooza" season remix at Pickard Auditorium.

WSMA District Solo and Ensemble Festival hosted at NHS on March 2

Neenah High School hosted the Wisconsin School Music Association District Solo & Ensemble Music Festival on March 2. The day included over 800 performances by students from five area high schools. The NHS Music Department was supported by over 125 parent and student volunteers, organized by **Neenah Music Parents** and the NHS music staff. NHS was well represented at the Festival, with over 260 solo and ensemble entries and **105 entries advancing to the State level**, held at UW-Oshkosh.

WSMA State Honors Music Project

The Wisconsin State Honors Music Project (sponsored by WSMA) offers talented youth the opportunity to rehearse and perform with nationally known conductors in a professional setting. Over 1,400 students auditioned for the honors project, and we are very proud to have the Neenah students listed below participate this year.

Neenah High School State Honorees:

Band: **Kirstin Franklin**, Clarinet

Jazz Ensemble: **Samantha Hirn**, Trumpet

Mixed Choir: **Matthew Thome**, Voice

Shattuck Middle School's Velocity Academy

An Exceptional Opportunity for Shattuck's At-Risk Students

Beginning in fall 2013, Shattuck Middle School will provide an exceptional opportunity for students. AIMS, Shattuck's program for at-risk students in seventh and eighth grade, will no longer be available. In its place, we are excited to rollout Velocity Academy, Neenah Joint School District's redesigned, enhanced middle school alternative education program.

Velocity Academy will offer students who meet pre-defined criteria an authentic, relevant, and rigorous learning experience with a community and service focus. Velocity students will be part of a 'school-within-a-school' instructional environment and follow a unique schedule which will consist of:

Project-Based Curriculum Centering on Standards-Based Objectives	Mixed Grade Level Programming (seventh/eighth grade)	Personalized, Individualized Learning Plans	Guidance, College/Career, Study Skills, and Character Education Elements	Academic Support and Transition Planning
80-90 Minute, Blocked Core Classes	21st Century Skills Literacy Component	Parent/Family Involvement Component	Student Leadership and Engagement Requirements	Substantial Technology Integration

In addition to these elements, Velocity will include an essential service learning component for all students in the academy. Classroom instruction within Velocity will embrace project-based learning and will often connect directly to the service component in progress. Service learning projects will allow students to demonstrate critical thinking, apply instructional content to real-world situations, think globally, and work cooperatively. Through collaborative partnerships with local businesses, colleges/technical schools, and government agencies such as the City of Neenah and Winnebago County, Velocity students will gain skills and confidence through active learning for a cause.

Velocity Academy is research-based and was created with best practice in mind to support students who may otherwise struggle in a traditional setting. It was developed to specifically address the following: accelerated academic curriculum, strong literacy component, deliberate self-management program, personalized curriculum, project/experiential/work orientation, smaller school and class size, solid planning and administrative support system, collaborative community model, and comprehensive staff development programming.

We are proud to offer this rigorous opportunity for qualifying students who may flourish in a non-traditional, alternative learning environment. Be sure to check the Shattuck website for additional information about Velocity Academy!

Shattuck Interventions - *Supporting Students in Need*

Reading

Reading Intervention is a support class offered at Shattuck Middle School for any seventh or eighth grade student who is reading significantly below grade level. Students are identified through several data points. Placement decisions for reading intervention include observations from teachers, counselors, and parents. Once scheduled into reading intervention class, students create an Individual Learning Plan, which outlines personal reading goals and an action plan to meet those goals. Instruction is data driven, differentiated for all students, and follows the Reader's Workshop model.

Students meet two to five times per week in a small group setting. Learning targets are delivered through whole group instruction, guided reading, individual work time, and most importantly, one-on-one instruction with Shattuck's reading specialist. The purpose of this resource is for students to ultimately read at or above grade level, so they may be more successful, engaged learners in middle school and beyond.

Math

Math Intervention is a support class offered at Shattuck Middle School for any seventh or eighth grade student exhibiting significant math deficiencies. Several data points are used to identify students, including STAR Math and WKCE assessment scores, core math grades, and staff and parent recommendations. Students involved in math intervention receive a "double dose" of personalized math instruction every other day in one-on-one and small group settings.

This year, Shattuck is proud to pilot Renaissance Accelerated Math, a program that creates individualized lessons for each math intervention student. Lessons are based on data from STAR Math, an assessment given to all Shattuck students several times a year to track math progress. As students successfully complete each Accelerated Math unit, lessons adjust to fit their changing needs. In using this resource, our goal is to address math deficiencies and to close any achievement gaps which may exist among students.

Wisconsin Title I High-Achieving and High-Progress School Awards for Roosevelt Elementary and Alliance Charter

Roosevelt Elementary and Alliance Charter Schools were recently named recipients of the Wisconsin Title I High-Achieving and High-Progress School Awards, as awarded by the Department of Public Instruction. (View the News Release from the DPI as well as the complete list of schools at http://dpi.wi.gov/files/eis/pdf/dpinr2013_19.pdf.)

In order to be eligible for the Department of Public Instruction Wisconsin Title I High-Achieving School Award, a school must be a Title I eligible school and:

- earn a rating of Significantly Exceeding Expectations on the Wisconsin School Report Card
- meet all Annual Measurable Objectives for all students as well as subgroups
- have minimal achievement gaps or show evidence of reducing gaps between student subgroups
- meet test participation, absenteeism, and dropout goals.

Additionally, to be eligible for a Wisconsin Title I High-Progress School Award, a school must fall within the top 10 percent of schools experiencing student growth in reading and mathematics.

Through the data retreat process of analyzing and interpreting multiple sources of student data, the staff members at Roosevelt and Alliance have worked diligently to provide instruction to all of their students, providing interventions and enriching opportunities for every child.

The Roosevelt and Alliance communities are incredibly proud of this recognition that both of our schools have achieved. In the state of Wisconsin, there were a total of nine schools that earned both the Wisconsin Title I High-Achieving and High-Progress School Awards. We believe that the great education that we provide for our students at Roosevelt and Alliance is indicative of the fantastic education that all of our students in the Neenah Joint School District receive.

Asbestos Removal Report

On October 4, 1988, the Board of Education approved an Asbestos Management plan in accordance with the Federal Asbestos Hazard Emergency Response Act (AHERA).

A copy of the District-wide plan is on file at the Administration Building, 410 South Commercial Street. Inquiries about the plan should be directed to the Director of Facilities at (920) 751-6800, ext 201.

Each school building also has a plan which is on file in the principal's office. Inquiries about a building's plan should be directed either to the building principal or to the school secretary.

Asbestos management activities which occurred over the past 12 months include, but are not limited to, the following:

- 1) the required 6-month inspections;
- 2) ongoing operations and maintenance projects were done as necessary by certified personnel; and
- 3) abatement of the Conant boiler room at Neenah High School.

A New Principal for NHS - Brian Wunderlich

We are pleased to announce that Brian Wunderlich has accepted the position as Neenah High School (NHS) Principal, effective July 1.

Mr. Wunderlich was principal at Horace Mann Middle School in Neenah since 2010. His career in the Neenah Joint School District started in 1997 when he began as a teacher at Shattuck Middle School. In 2005, he was Associate Principal at NHS for two years and later became Associate Principal at Horace Mann.

Mr. Wunderlich looks forward to the new opportunity to help NJSD students and staff. We know he will take Neenah High School to another level while remaining focused on maximizing student achievement in every way.

A New Communications Manager for NJSD - Jim Strick

Though Mr. Strick has worked in the District for the past three years as Activities Director, he's excited to take on a new role for the 2013-14 school year as the Neenah Joint School District Communications Manager.

This new position in the District will assist in our communications efforts both internally and externally. Neenah has many outstanding stories to share and he looks forward to promoting them.

As the Activities Director, he enjoyed getting to know the people in the community and the schools. Although difficult to leave a position so immersed in our schools and students, the Communications Manager position will be a return to his roots professionally. Prior to coming to Neenah, he worked 13 years in the public relations field at St. Norbert College, UW-Stevens Point, and the University of Minnesota.

It hasn't taken long for him to realize Neenah is a special place and we've got a lot of great things happening. He's anxious to share that with as many people as possible in his new role!

2013 Neenah Joint School District Maintenance Projects Set for Well-Maintained and Safe Learning Environments

The Operations and Maintenance Department will undertake a number of large projects this summer to ensure that our learning environments continue to be safe and well-maintained. Below are a just few past project highlights from a list of several completed and a list of upcoming projects. Any inquiries about these or other projects can made to the Operations and Maintenance Department at (920) 751-6800 x201.

Some Past Projects

Upcoming Projects

- New grease trap and plumbing for the kitchen at Shattuck Middle School

- New parking lot and entry drive at Coolidge Elementary School

- New roofs over the library and music rooms at Neenah High School

- Roof restorations at Tullar Elementary and the Administration Building

- New cafeteria floor at Shattuck Middle School

- New high efficiency boiler system at Horace Mann Middle School

Meet Our New Board of Education (BOE) Members

Jean Maurice Boyer

Jean Maurice Boyer has lived in Neenah for over 15 years. His professional experience includes extensive work in financial analysis, budgeting, and marketing, plus volunteer work focused on enhancing children's lives in our community. He looks forward to working with the Board, teachers, administrators, and members of the community.

His motivation comes from the belief that well-educated children make our community stronger!

Michelle Swardenski

Michelle is a native of Neenah, a proud Rocket, and her Neenah roots reach back to her great-grandparents. Michelle is an attorney at Di Renzo & Bomier in Neenah and specializes in family law, guardian ad litem law, and general civil practice. Prior to entering law school, Michelle used her degree in Psychology to serve the mentally ill, individuals with substance abuse issues, and at-risk youth. She brings the same dedication to her service with the Board of Education.

As a proud Neenah graduate and resident who has many loved ones attending Neenah schools, Michelle firmly believes that NJSD is the cornerstone of our beautiful community. She looks forward to serving a school district that is privileged with dedicated teachers and staff, in addition to an active and supportive community.

Spotlight on Schools

OVERALL SPORTS STANDINGS AT A GLANCE

It was another successful winter sports season at Neenah High School as the girls powerlifting team captured the state championship and the boys basketball team heated up the winter months with a second place finish in the Fox Valley Association. Here's a look at some of the highlights from the past season:

Boys Basketball - Finished with an 18-5 record, placed second in the FVA standings

Girls Basketball - WIAA Regional champions, advancing to the WIAA Sectional

Wrestling - Senior Mitch Ledwith placed fourth at state at 220 pounds

Boys Hockey - Won the consolation title at the inaugural Badgerland Conference tournament

Girls Hockey - Won a program-record eight games in its third varsity season

Boys Swimming and Diving - Placed third at the WIAA Sectional and advanced 10 swimmers to the state meet

Girls Powerlifting - Captured its 11th state title in the past 12 years; senior Teagan Schwab won the 148-pound state title

Boys Powerlifting - Placed third at the state meet

Boys Bowling - Placed seventh at the state meet

Girls Bowling - Placed eighth at the state meet
