Tuesday, April 3
School resumes

Monday, April 16
Pop Top Competition begins

Tuesday, April 17
Spring Road SkyZone Night

Congratulations!!!

Congratulations to Mrs. Karen Martis on her retirement in June of 2018. Mrs. Martis has 31 years of working with children within the Neenah Joint School District. 30 of those years spent teaching 1st grade at Spring Road Elementary School. In addition to teaching 1st grade, Mrs. Martis served at the PTO Treasurer, a leader within our District for Project Lead the Way, and the go-to for slapstick humor. Mrs. Martis will be greatly missed by many.

Thank you Charleen Davis for coordinating a successful game night!
Minute to Win It

Families had an opportunity to play a variety of games with family and friends. In addition to game play, students in attendance at this event had an opportunity to win a $5 Culvers gift card.

Join us for our next game night on Thursday, April 12 for BINGO.

A Book of Memories
School Yearbooks are available for purchase. Each yearbook costs $12.00. Yearbooks are available for purchase while supplies last. Order your yearbook soon!

**The Roadrunner Show
All School Spring Road General Music Concert
Thursday, March 15, 2018 at 6:30 PM
Neenah High School (NHS), Pickard Auditorium**

Please refer to the letter sent home from Mrs. Shebesta with details about arrival time, drop off location, door to enter, and pick up location. If you need another copy of this letter, please contact Mrs. Shebesta at hshebesta@neenah.k12.wi.us

District & Community Events

Visit our District website for information about District & Community Events that your child may participate in during the school year. The District website is www.neenah.k12.wi.us. Use the link for *Community Events*.

Marsden's
Math
Minute

Think about the common expression…"in a minute". We say it to our children and our children say it to us all the time. My challenge to you is to make the minutes with your child count! One way to do this is to literally count. Here are just a few ideas of how…

*Count forward by 1 beginning at 1
*Count forward by 1 beginning at a random number
*Count back by 1 from a random number
*Count by 5 to 100
*Count by 10 to 100
*Count back by 5 beginning at 100
*Count back by 10 beginning at 100
*Count by 10 beginning at 4
*Count back by 10 beginning at 93
*Skip count by 2, 3, and/or 4
*Count forward by 1/2 to 10
*Count back by 1/3 from 5

You can have your child do all the counting or you can take turns. It's easy to do and can be done almost anywhere. Have fun and make the minutes count!
