Tower Garden

Special thanks to Roxann Barrow and Erin Ermis for their successful grant writing efforts to obtain a Tower Garden. A Tower Garden is a vertical aeroponic growing system that allows up to 20 vegetables, herbs, fruits and flowers in less than three square feet. The Spring Road Tower Garden is located indoors near the office. All students will have an opportunity to view the Tower Garden and the growth of the plants in it. Teachers may also engage students in activities related to the Tower Garden.
