A healthy, accessible playground for ALL of our students!

Our PTO, families, staff, and community have worked very hard on fundraising efforts and installation of an amazing playground for our Spring Road students. We would like to make our playground even better by making it accessible to all students. Our dream is to install playground equipment that is accessible by ALL of our students as well as poured, flat surface to replace the pea gravel. With your help, our school has a chance to win up to \$30,000 for our playground. Please click on the following link to vote in support of our school's playground. All you need is an email address (initial entry will require the completion of a simply entry form). Vote daily starting today until March 24.

Access the healthy playground sweepstakes by either clicking the link below or typing in the full website address (2<sup>nd</sup> link labeled "full link")
