The Hoover Elementary staff is committed to our mission of teaching, nurturing, and encouraging all students to contribute positively to our diverse community and world. We believe that every student should be empowered to be a purposeful lifelong learner.

As a Positive Behavioral Interventions and Supports (PBIS) school, we create a safe school environment where students are comfortable learning and confident recognizing the value and diversity of others. Our focus of respecting peers, adults, world and self is evident in our daily interactions.

Hoover is a place that embraces community and collaboration. Our staff is committed to providing the highest quality of instruction and ensuring that students are engaged in their learning. We take pride in building relationships with students and families. Staff can be found volunteering their time after school to support a wide variety of experiences for our students.
