Neenah HS	68.7	Meets	On-track and Post-secondary Readiness	Student Achievement	no

*Title I schools in Neenah Joint School District are identified as schools with free or reduced lunch participation rates that exceed 35% (Source: Third Friday Count, January 2017). The Neenah Joint School District average for students on free or reduced lunch is 26.07%. Two elementary schools which qualified during the 2017-18 school year but did not meet the 35% rule are Coolidge Elementary and Spring Road Elementary. Both schools received a one year extension and qualify for the 2018-19 school year as a result of this extension. Additionally, all teachers and paraprofessionals providing support to our students are highly qualified.
