

Roosevelt PTO Meeting

April 10, 2018

Joint Meeting

Principal's Report

- Dean O., District Carpenter, sat down with Mrs. Luft. Together they ordered the materials needed for the gaga ball pit. For payment, RO PTO will write a check to NJSD and the District will write a check from PTO to Coach Cliff. \$655.50 will cover brackets, etc.. \$1600 to NJSD will pay for lumber, flooring, etc.

- Water filling station - The Girls Scouts would like to make a donation toward our water building station. Mrs. Luft will figure out where we are with water bottle funds. The station we ordered for \$977 is no longer available online or in store. Mrs. Luft is looking at finding a replacement station. It will be installed over the summer.

- Buddy Bench Update - Looks like the bench will be 100% donated. It has been cut and is almost finished being welded. It will be metallic purple. With the money that has already been donated, Mrs. Luft is going to ask people if they would like their money back. Otherwise, they will use the money for the playground or garden -- something outside that everyone can enjoy.

- Wagon Warriors - The school has made a basketball themed wagon as part of Wagon Warriors. It is now on display at Associated Bank on Wisconsin Ave. 1500, 1000, 500. Winner is by largest donations. Please share the website on your social media. We are currently in second place. 100% of money raised goes toward research on childhood cancers. Donations accepted through the end of April.
