

COVID Protocols

SEEING PATIENTS FOR BIOMETRIC SCREENINGS & HEALTH COACHING

PLEASE COMMUNICATE THE BELOW TO YOUR EMPLOYEES

- Masking for screening
 - At this time, because we provide our services under the umbrella of Prevea Health and Health Care facilities are exempt from the CDC un-masking guidelines, my team will still be fully masked and we will ask patients to please continue to do so as well.
 - We will require all patients wear surgical masks ([linked here](#)) for their screening. Cloth masks will not be accepted. If the patient is not able to bring a surgical mask with them, we will be able to provide these to the patient.
 - If a patient refuses to wear a mask, we will not be able to complete their screening.
- Please encourage patients to stay home if they answer **YES** to the following questions
 - Have you had a fever >100.0 in the last 24 hours
 - Have you tested positive for COVID-19 in last seven days or have a pending test?
 - Do you have a cough?
 - Do you have a sore throat?
 - Do you have shortness of breath?
 - Do you have a loss of sense of taste?
 - Do you have a loss of sense of smell?
- Symptomatic Individuals
 - We will follow the below protocols for seeing symptomatic patients. Please make sure all patients are aware of these guidelines prior to attending their screening.

COVID SCREENING: *Consists of COVID symptom questionnaire.*

Prevea will **Complete COVID Symptom Screenings** prior to seeing patients for their biometric screening/health coaching.

SEEING SYMPTOMATIC PATIENTS

1. If a patient responds **YES** to any of the COVID symptoms *due to having tested Positive for COVID in the last 90 days (prolonged symptoms following quarantine)*
 - a. Prevea **will complete** the patients screening/visit with the patient meeting the following guidelines:
 - i. Patient brings documentation of their positive result and date of that result.
 - ii. Patient is 14+ days out from that positive test date
 - iii. Patient is within 90 days from their last day of quarantine
2. If a patient responds **YES** to any of the COVID symptoms *due to having an underlying condition resulting in any of the COVID symptoms*
 - a. Prevea **will complete** the patients screening/visit with the patient meeting the following guidelines:
 - i. Patient brings documentation a negative COVID result from the last 72 hours
 - ii. Patient brings documentation showing they are under a physician's care for the underlying condition

COVID Protocols

SEEING PATIENTS FOR BIOMETRIC SCREENINGS & HEALTH COACHING

3. If a patient responds **YES** to any of the COVID Symptoms *and DOES NOT fall in one of the categories above*
 - a. Prevea **will not complete** the patients screening/visit and will provide the patient with next steps to follow up getting tested for COVID.
 - i. The patient can be seen at a follow up appointment while presenting a dated documentation of a negative COVID result dated within 72 hours of the follow up appointment.
