

Spend an exciting week with paint, clay, technology and much more! Students have adventurous experiences looking at art and artists, talking about art careers, and making art. The Jr. Visual Arts Academy is presented by a team of certified Neenah Joint School District Art Teachers.

Art Academy Information: The Jr. Visual Arts Academy is from 8:30 am to 3 pm July 28 - August 1. Students will bring a bagged lunch each day. The Elementary Jr. Visual Arts Academy is designed for students entering 1st grade through students entering 4th grade in the fall of 2014. Space is limited.

Enrollment Procedures for Jr. Visual Arts Academy

Enrollment is by mail only. Registration and consent forms are available at each Neenah elementary and middle school. Payment of \$45 is required upon registration.

All art materials are included in the fee. **Lunches will not be provided.** Students must bring lunch, drink, and a snack.

Please call Brenda Mullard at

(920) 751 - 6900 ext 158 or e mail bmullard@neenah.k12.wi.us for more information.

Printmaking

3 Dimensional Art - Multi
Media Sculpture

Art History

Creative Career
Exploration

Our passion is to inspire young artists imaginations and talents through creating art, learning about art history and exploring creative careers.

In the **2 Dimensional Class**, students are introduced to various 2 dimensional mediums and techniques. Students will learn about drawing, painting and computer generated art techniques and mediums. They use their creative and critical-thinking skills to solve various 2 dimensional problems.

Sculpt away! In **3 Dimensional Class**, we will be working with an array of materials and techniques. We'll explore color, texture and form, shape, positive space, negative space, line, and other elements and principles of design as well as different sculpture techniques. Anything is possible with a little imagination!

Art history is the study of art through time and the artists that created the art. Students will learn about about various artists, their work and the times in which they created it. This class is a wonderful introduction for kids to the world of art and to the observation of their world.

What do you want to be when you grow up? A Professional Artist? A Cake Decorator? A Photographer? A Product Designer? In **Creative Career Exploration**, we will be learning about different creative careers, what people do in those kind of careers and how they got to be in that career. We will be doing projects that go along with the various careers explored.
