## Verified workouts

<b>Steps</b>	Earn 1 Point per 1,000 steps.
<b>Calories</b>	Earn 5 Points per 100 calories if burn rate exceeds 200 calories/hour. (For app-based trackers, the GPS feature of the phone needs to be active, and the workout should take place outdoors or in an area with GPS signal reception.)
<b>Heart rate</b>	Earn 5 Points for every 15 minutes you spend above 60% of your maximum heart rate. Your maximum heart rate is calculated by subtracting your age from 220.  (Notice for persons with pacemakers or other electronic medical devices: Persons who have a pacemaker or other electronic medical device use a heart rate monitor at their own risk. It is strongly recommended that persons with a pacemaker or other electronic medical device consult with their doctor before beginning an exercise regimen and using a heart rate monitor. A doctor may suggest an exercise test under his or her supervision to determine the appropriate intensity level for exercise and to ensure the simultaneous use of the medical device and heart rate monitor is safe for you.)
