

PBnJs

Serving the mental health
needs of NJSD students

Mental Health Fund

The Patrick Began Neenah Joint Schools Mental Health Fund (PBnJs) was created to raise funds for mental health education for students PK-12th grade in the Neenah Joint School District. The funds will directly benefit students by providing additional counseling, training and curriculum at all grade levels. The Neenah Joint School District would like to work collaboratively with teachers, parents, students and community healthcare systems for the benefit of all. We plan to combine:

The STRENGTH of our community

The COURAGE of our teachers

The HOPE of our families

The LOVE of our children

To make the best YOU, you've ever been! Just like a PBnJ, we are better together!

The Began Family is very passionate about creating a strong connection between all members of the school district and our community to bring preventative education and strength-based measures into everyday living. Together we believe we can create a powerful force to strengthen kids, families, teachers, and our community! Have you had your PBnJs today?

Want to know more or get involved? Please feel free to call Katie Kearny at 920-213-9204 or email at kskearny@gmail.com
