

## My Sitting Spot

When we go to the carpet, I have a special sitting spot. It is marked in a way that makes it mine. I always need to remember to sit there when we go to the carpet. If someone else is sitting there, I can ask them to move by saying, "Excuse me, you are sitting on my spot...can you please move?" That way I am being polite and other students like that.

When we go to the carpet, I need to remember to sit in my spot and try to keep my hands and feet close to me. I can do that!
