

Sitting on the Bus

I take the bus to and from school every day. When entering, sitting and exiting the bus, expected bus behavior is very, very important. It is important because I want to be safe on the bus and I know that everyone else wants to be and stay safe on the bus. Here are some expected behaviors :

-sitting in my assigned seat

-staying seated at all times until it is time to get off

-keeping my hands and feet to myself

-using a 0, 1 or 2 voice level

I want to be able to ride the bus everyday. That way, I can see all of my friends. I also want to be sure that my friends, the driver and I are all safe on the trip to and from school. In order for that to happen, I know that I have to follow expected bus behaviors. That will make my parents and teachers happy! I know I can do this!
